## READ CAREFULLY BEFORE ORDERING

Terms: Cash with order, or 25% cash will hold order until March 15. Six bulbs or plants at the dozen rate.

Every bulb is guaranteed true to name, up to size, and free from all disease. Our perennial and rock garden plants are very large, field grown, ready to grow and bloom.

If you do not know Glads or Dahlias by name, send the amount of money you wish to spend and allow me to select the varieties for you. State your choice of colors, if any. Just try this once and see if you are not satisfied.

All stock subject to prior sale. Order early and avoid disappointment. Shipments about April 1.

Anything in this price list shipped postpaid.

**Extras:** 10% discount on orders up to \$10.00, 15% on orders from \$10 to \$20, on Glads, Dahlias and Perennials only.

Send me the names of three friends who are interested in growing flowers and we will send you a surprise package of bulbs. If we receive \$5.00 in orders from them we will double the surprise.

Join the New York State Gladiolus Society and receive the quarterly Bulletin containing wonderful information of Glads and other flowers. We cordially invite you to attend the monthly meeting held on the first Thursday of each month at 8 P. M., at the Osburn House, Rochester, N. Y. Annual dues, \$1.00.

## DRESS UP YOUR HOME THIS SPRING

A home is not a home until it's planted. You had better plan to plant a few trees, shrubs, roses, or build a rock garden or pool this spring. There has never been a better time to invest in such a project. Landscaping not only makes a home more beautiful, but adds much more to its real value than you spend. Remember it costs no more to have a professional landscape architect do your planning than it does to buy your own material and plant it as best you know how. It's like building a house without a blue print.

We are at your service. Let us do your planning. Let us make a personal visit to your home to show you the possibilities your home really has. Where we make a personal visit there will be absolutely no charge for a plan.

If you are just interested in a base planting for your house, perennial border or rose garden, etc., send us the exact measurements of your plot, giving such information as location of trees, sidewalks, drive, etc. In fact, just send a rough sketch of your lot and house with proper measurements. We will develop a plan drawn to scale, giving material used and estimated cost of the job for only \$2.00. If we later receive your order, we will deduct the \$2 from the estimated cost.

Perhaps you are a member of some garden club or horticultural society—if so, why not mention to your members the idea of having a landscape architect present at one of your regular meetings to point out the possibilities and advantages of the properly landscaped home and to answer any question that might arise. We would appreciate the opportunity to be of service to you in this respect.

This is a personal landscape service and limited to a radius of 100 miles of Lima, although we will try to be of service to you in one way or another no matter where you live.

Write us your problem.
